- ❖ Symposium Sponsored by XNY
- ❖ IBC (International Bariatric Club) OXFORD UNIVERSITY SESSION

June 7-8, 2024 – HILTON BEIRUT METROPOLITAN PALACE – LEBANON

Welcome note

Dear Esteemed Colleagues and Friends,

It is our great pleasure and honor to invite you to the 25th Annual spring Lebanese Congress of surgery of the Lebanese Society for General Surgery (LSGS), scheduled for June 7-8, 2024 at Hilton Beirut Metropolitan Palace, in collaboration with Association Française de Chirurgie (AFC) & MANOSMEDI.

The summit of the LSGS and its subgroups LSAWS & IFSO Lebanese Chapter is around the timely themes of: "**Updates in Surgery**", and will cover a wide range of topics in surgery, mainly Colorectal, Abdominal wall, Metabolic and Bariatric, and Breast surgery; we will hold also an exciting series of video sessions, lectures, debates, panels and symposia, that shall emphasize advanced knowledges and skill acquisitions.

The congress will focus also on Robotic surgery; and a Key Note lecture on "**Digital Surgery**" will give us an idea about the application of Artificial Intelligence to surgery nowadays.

A group of eminent leading International and Local experts will add a touch of excellence by stimulating, sharing and encouraging the discussions and Insight exchanges among surgeons, to serve and to offer the best medical services and the benefits to our patients, that is the ultimate and supreme aim for success.

On behalf of the Board Members of LSGS and on my name we would like to extend our gratitude to the Organizing and Scientific committees for their dedication and devotion and for their tremendous efforts.

We appreciate our sponsors for their continuous support, loyalty and for their contributions.
Looking forward to eagerly and warmly welcoming you.

Cordially and Sincerely

Maroun SFEIR

President of the Lebanese Society for General Surgery
